THESE MEMBERSHIP REWARDS TERMS AND CONDITIONS

These Terms and Conditions apply to your participation in the program and replace any previous versions. We may provide you important information about the program through other means such as our website, your cardmember agreement, or following the Information Box and Disclosure Statement provided in the materials we sent with your card.

Subject to applicable law, we may change these Terms and Conditions including the earn rate, rewards, reward partners or imposing caps and/or fees on earning and/or redeeming points at any time by giving you notice in electronic form or in other ways. We will not notify supplementary cardmembers and you agree that you alone are responsible to ensure that each supplementary cardmember reads, understands and complies with these Terms and Conditions including any notices and other communications that we may send you.

If we change the rate at which you can redeem points with key reward partners like an airline or hotel, make significant changes to the redemption requirements with key reward partners or key reward partners are no longer part of the program, we will give you 60 days or, if that is not possible, as much notice as we can, before the change becomes effective. There may be situations where we must make the change immediately, for example if a key reward partner ceases operations.

Your card must be in good standing to be enrolled and stay in the program.
Supplementary cards associated with your card will earn points towards your points account, not their own or another person’s points account.

If you have a corporate card, your company or employer must also approve your participation in the program. Only individuals, and not companies or other corporate entities can hold a points account.

REWARD TIERS AVAILABLE IN THE PROGRAM

Each card that is eligible for the program is assigned a specific tier which determines the rewards available to you. We may also refer to reward tiers as rewards levels in some of our material.

- The different reward tiers are:

Different tiers have different reward options. We will tell you which reward tier applies to your card in your cardmember agreement, or the additional material we provide you with your card.

ABOUT EARNING POINTS

HOW MANY POINTS YOU CAN EARN FOR YOUR PURCHASES

From the time your card is enrolled in the program (whether automatic or optional enrollment), the earn rate is the number of points for each Canadian dollar in purchases charged to your card. Please see “Appendix 1 – Earn Rates by Card” for a full listing of earn rates.

You will earn points on all eligible transactions. Eligible transactions are purchases made using your card, except for the transactions described in the section below called “When You Will Not Earn Points”. Points have no cash value and cannot be exchanged for cash, sold or traded in any other way.

We may also offer bonus earn rates, or the ability to earn extra points (which may be subject to a cap), as a feature on certain cards or as a limited time promotion. For example, you could earn one extra point on purchases charged to your card at specified merchants or at eligible merchants in specified categories of merchants. Merchants are typically assigned codes and categorized based on what they primarily sell. For example, if we offer a bonus earn rate at merchants in the restaurant category, dining transactions within retail department stores and at hotels may not be eligible for the bonus earn rate at restaurants.

WHEN YOU WILL NOT EARN POINTS

You will not earn points for the following:

- charges processed, billed or prepaid to your card prior to your enrollment in the program
- interest
- card fees
- program enrollment fees
- cash equivalent transactions, whether or not they appear as purchases on your monthly statement
- points earned in any way that breach or that are not intended to be earned by these Terms and Conditions or any other terms you are subject to
- any other transaction we tell you is excluded from earning points

You agree that you are not entitled to earn points for transactions in any of the categories listed above. If we award points for a transaction in one of these listed categories, we will be entitled to deduct them from your points account. If you receive points in error and then take steps to repeat the transaction type we may, at our discretion, consider that to be abuse related to the program. If you applied for

multiple cards to earn points, if you cancelled or downgraded your card after acquiring it, or if you cancelled or returned purchases you made to earn points, we may, at our discretion, consider that to be abuse related to the program. Please see the section titled “Other Important Information” for further detail on the consequences of abuse in relation to the program.

Bonus earn rates will not apply, or you will not earn extra points, if a merchant category for a purchase is not identified. This may happen when the transaction information we receive does not come directly from the merchant, for example, when the purchase is made:

- i. using your payment account with a third party,
- ii. using your card at an online retailer that sells goods and services of other merchants, or
- iii. if the merchant uses a third-party payment service, e.g. a card reader attached to a mobile phone

WHEN YOU GET A REFUND

If you refund a purchase on your card, we will remove any points earned for the original purchase from your points account. If your earn rate changes, the new earn rate will apply to refunds regardless of the original earn rate for the purchase. This may result in a negative points balance. We may, at our discretion, consider it to be abuse related to the program if you earn points or credits from purchases and subsequently return or cancel those purchases.

HOW WE CALCULATE POINTS EARNED

To work out how many points you earn, we multiply the Canadian dollar value of each eligible transaction by the earn rate. If the result includes a fraction of a point, we round up or down to the nearest whole point.

For example, if you spend \$1.50 and your earn rate is 1 point per \$1 spent, you will earn 2 points (because we round 1.50 points up to 2 points). If you spent \$1.49 you would be awarded 1 point (because we round 1.49 points down to 1 point).

Please see “Appendix 1 – Earn Rates by Card” for examples of how we calculate points earned.

MONTHLY STATEMENTS

We will tell you the number of points earned each month in your card statement. If you have enrolled in online services or have added your card in the Amex mobile app, you can log in to check your points balance at your convenience. Please note that points you may have earned for your most recent transactions may not be reflected immediately.

Please review your statement regularly to ensure your points balance and related transactions are accurate and notify us promptly of any questions regarding the program including points earned or redeemed. This includes the categorization of merchants related to earn rates. If you do not notify us of a discrepancy on your statement within 60 days of the closing date on your statement, your points balance will be considered accurate except if you received an improper or unfair benefit. Please note that the Membership Rewards section of your card statement may only show points you have earned for transactions made in accelerated earn rate categories.

EXPIRATION OF POINTS

There is no expiry or use by date on points while you stay enrolled in the program.

HOW TO TRANSFER POINTS AND POINTS ACCOUNTS BETWEEN REWARD TIERS

Depending on your card type, your points account may be transferred to a different reward tier, for example when you upgrade your card.

Transferred points will only be eligible to redeem for rewards in the reward tier they have been transferred to. Once you transfer points from one reward tier to another, you cannot transfer them back.

ABOUT REDEEMING POINTS

GENERALLY

If you redeem points, you must still make a separate payment of the amount due on your card. If you have an American Express credit card, redemption of points is not considered a payment towards the balance on your card or payment of the minimum payment due. You must still make a separate payment of at least the minimum payment due.

If you want to redeem points, your card and all other linked cards must not be past due (e.g. we have not received the required minimum monthly payment due on the card on time). If a card is past due, we must first receive the amount owing in order for you to redeem points.

Different options for redeeming points may have different values. It is your responsibility to familiarize yourself with the alternatives available to you and to make the choice that best suits your needs. Please see Appendix 2 - Redemption Rates by Reward for details on redemption values.

Special offers on your account (such as the American Express Installment Program) may affect the way you earn and/or redeem points. Please see the full terms and conditions of each eligible reward for more details.

HOW TO PURCHASE POINTS

If you need extra points for a redemption, you can purchase points for up to 25% of the points required for a reward at the time of redemption. You must purchase points in increments of 100 points with a minimum purchase of 1,000 points. Additional terms may apply.

You cannot purchase points for corporate cards.

TRANSFERRING POINTS TO A THIRD PARTY PROGRAM

A third party program is an airline frequent flyer program, a hotel rewards program or other third party rewards program to which we allow you to transfer your points. Subject to applicable law, we will decide how to calculate and manage the transfer of points, and we may change the terms for point transfers from time to time in accordance with the section “Changing the Terms and Conditions and the Program”. For more information on transferring points to a third party program, please visit membershipewards.ca/aboutredeeming.

To transfer points to a third party program, you must first connect your points account with us to the account in your name with the third party. Transferred points are not part of the program anymore and are covered by the terms and conditions of the third party. For example, points transferred to an airline or hotel rewards program may have an expiry or use by date.

Points transferred to a third party program are subject to the terms and conditions of that third party program. Some travel insurance benefits included with your card may not provide coverage for trips purchased with points from a third party program. Please review the terms and limitations outlined in your insurance certificates.

Once points are transferred to a third party program, the transfer cannot be reversed. We are not responsible for points once they are transferred. It is important that you give us the right third party account number because we use and rely on it. You agree that we may ask the third party to confirm the account number you provide, including confirmation that the account is in your name. If you transfer points to an account that is not your own or that is not in your name, we may, at our discretion, consider that to be abuse related to the program.

REDEEMING POINTS FOR MERCHANDISE, GIFT CARDS, AND GIFT CERTIFICATES

You can redeem points for rewards such as merchandise, gift cards and gift certificates (including electronic forms). Please consult the terms that come with the reward for additional information, such as expiry or use by dates and refund policies.

Once we deliver a reward, we are not responsible for loss or theft of that reward.

We will tell you when to expect delivery of the reward. If for any reason we cannot deliver the reward within the time that we have told you, we may give you an alternate delivery time, send you a different reward of equal or greater value, or refund the points. If a reward is undelivered, you have 28 days to tell us. Please contact us before this period ends as after it ends, we have no obligation to replace the reward or give you any other compensation.

Once you redeem points for merchandise, gift cards, or gift certificates, they are not refundable, replaceable, or redeemable for cash, credit, or points.

FLEXIBLE POINTS TRAVEL PROGRAM

Your points can be used to pay for new travel purchases, including taxes, surcharges and fees booked through American Express Travel Services or at americanexpress.ca/travel with the Flexible Points Travel Program.

When you redeem points for an eligible travel booking, the full cost of the flight, including taxes, fees and carrier surcharges will be charged to your card. Within 10 business days from the date of booking, you will receive a statement credit for the amount you redeemed. If your statement monthly cycle cut date falls between the date the transaction is recorded on your statement and the date the statement credit is processed, you will be responsible for paying your monthly statement in full. The statement credit will be applied against your next statement.

Changes to travel bookings are under the terms, and subject to applicable fees, of the travel supplier. If the travel supplier provides a refund, you will receive a credit to your points account or statement credit at our discretion, less any charges or fees they may have applied. A credit to your points account or towards your statement for a refund may take 6 to 8 weeks to process.

Points cannot be redeemed for commercial travel. You are responsible for taxes, booking fees, airport fees, insurance premiums, and any other service fees and charges relating to a travel booking.

Certain travel related benefits that may be available on your Card may not cover travel booked with points or through the Flexible Points Travel Program. Please refer to your Certificates of Insurance for full details.

Travel bookings made by redeeming points may not qualify for third party rewards.

Full terms and conditions for American Express Travel can be found at www.americanexpress.ca/travel.

FIXED POINTS TRAVEL PROGRAM

You can redeem a fixed number of points to cover the base ticket price of eligible flights up to the applicable maximum base ticket price.

The base ticket price (often referred to by airlines as the base fare) excludes taxes, fees and carrier surcharges. You will be charged for these additional costs and any dollar amount that exceeds the applicable maximum base ticket price.

The Fixed Points Travel Program applies to airfares offered through American Express Travel Services Canada or on americanexpress.ca/travel.

When you redeem points for an eligible flight, the full cost of the flight, including taxes, fees and carrier surcharges will be charged to your card upon booking. Within 10 business days from the date of booking, you will receive a statement credit for the base ticket price up to the applicable maximum base ticket price. If your statement monthly cycle cut date falls between the date the transaction is recorded on your statement and the date the statement credit is processed, you will be responsible for paying your monthly statement in full. The statement credit will be applied against your next statement.

Certain travel related benefits that may be available on your Card may not cover travel booked with points or through the Fixed Points Travel Program. Please refer to your Certificates of Insurance for full details.

Full terms and conditions for the Fixed Points Travel Program can be found at www.americanexpress.ca/fixedpointstravel.

PAY/SHOP WITH POINTS PROGRAMS

You may be eligible to redeem points to pay for purchases at select American Express merchants. Please visit membershipewards.ca for a list of applicable merchants.

The merchant will tell you how many points you need to redeem. The points will be directly debited from your points account and be reflected on your statement. Some merchants may debit your points at the time of purchase while others will debit your points at the time of shipment. These details will be given to you at the time of purchase. If the points redeemed do not cover the entire amount of the purchase, the balance of the purchase price will be charged to your card.

You agree that we may share information about you and your points account, including your current points balance, with certain merchants in order to facilitate your participation in these programs.

Examples include:

If your corporate card is cancelled and you leave at least one other linked card open in good standing, your points will not be lost and you will continue to earn points with the linked card.

RETURNING LOST POINTS

If points are lost for any reason, you will not be able to transfer or redeem points unless they are returned. We are not obliged to return points and the decision to do so rests solely with us.

We may return lost points if:

- your card and all linked cards are in good standing;
- you make your request to return lost points within 3 months of the date of the card statement showing the points removed; and
- you pay the reinstatement fee set out in the “Fees” section of this agreement

Your points account will be cancelled if your card is three months past due. Points cannot be returned once your points account is cancelled.

In addition, for the purposes of the administration and management of the program and to manage any benefits in which you are enrolled, you consent to our use and sharing of your information with our suppliers and to organizations who accept the card.

WAIVER

If we fail to exercise our rights under these Terms and Conditions, this will not be a waiver of our rights and it will not prevent us from exercising them later.
