

Nursing Reference Center Plus and Continuing Education

Kendra Johnston, MSt

OBJECTIVES

At the end of this workshop you will:

- Be more familiar with Nursing Reference Center Plus: an evidence-based point-of-care tool to answer clinical questions for Nurses and Allied Health Professionals
- Be able to conduct a successful search in Nursing Reference Center Plus
- Know enough about the NRC+ App to be able to download it and know where to ask for help using it
- Be more familiar with CINAHL Education, able to successfully create a personal account, and know how to navigate the interface well enough to complete a continuing education lesson

- Note: at JGH your search will also include resources available in CINAHL Complete and eBook Nursing Collection.

How to search ? Basic

- Type keywords in the search box for “all areas” or select a tab more fit to what you are looking for.

The screenshot shows a search interface with several tabs: "All Areas", "Diseases", "Skills", "Drugs", "Management", "Continuing Ed", "Patient Ed", and "Reference". The "All Areas" tab is selected. Below the tabs is a search input field containing the text "heart". To the right of the input field is a "Search" button. A dropdown menu is open below the input field, displaying a list of search suggestions:

- heart failure
- congestive heart failure
- chronic heart failure
- heart disease
- heart failure, chronic
- heart failure, congestive
- heart attack
- heart
- congestive heart failure: an overview
- diabetes congestive heart failure

BOOLEAN OPERATORS

Use Boolean operators to combine your concepts:

AND = A+B (both concepts must be included - use to build your final search)

OR = A, A+B, B (either of selected concepts are included - use to combine synonyms)

NOT = A only (use to remove results)

How to search ? Advanced Search

- Expanders: broaden your search (search related words, search in full-text, use boolean operator OR, etc.)
- Limiter: limit your search (only full-text available, use boolean operator AND, etc.)

4. Continuing Education

What are CEUs?

- Online modules that can be completed independently for accredited CE hours, usually taking 1-2 hours
- Accredited by the American Nurses Credentialing Center and the International Association for Continuing Education and Training, with select modules accredited by the Commission for Case Manager Certification
- Consist of course content, an interactive review, and an exam. The exam must be completed and passed to get the CE credit
- When you have completed a CEU and passed the course, you can print a certificate for your records

How to find CE modules in NRC Plus

➤ Search for your topic in the Continuing Ed Tab

The screenshot shows the Nursing Reference Center Plus website interface. At the top, there is a dark red navigation bar with links for "Sign In", "Folder", "Send Feedback", and "Help". Below this, a horizontal menu contains several tabs: "All Areas" (highlighted in dark teal), "Diseases", "Skills", "Drugs", "Management", "Continuing Ed", "Patient Ed", and "Reference". A red arrow points to the "Continuing Ed" tab. Below the tabs is a search bar with the placeholder text "Search all content in NRC Plus" and a "Search" button. To the left of the search bar are links for "Advanced Search" and "Search History". The main content area is divided into three columns. The left column, titled "Spotlight", lists several items: "Ebola - CDC Guidelines", "New: Skills with Videos", "New: Management Topics", "New: CCMC Approved CE Modules", "NRC iPhone Application: Now Available!", and "Here's the latest nursing newsletter: Check it Out!". The middle column, titled "Introduce Yourself to Our:", contains links for "Editorial Team & Policies" and "New to Nursing Reference Center Plus? Take Our Tour". The right column, titled "Featured Videos", shows a video thumbnail for "Procedure Performing Venipuncture: Inserting and Removing the Needle". At the bottom left, there is a section for "Search Other Services" with a logo for "EBSCO CINAHL Complete".

Welcome to **CINAHLeducation**.

The **CINAHLeducation** program provides nursing, social work, and allied health professionals a convenient way to obtain their certificates of completion for continuing education required by the states in which they practice or the facilities in which they work. These interactive modules allow health professionals to satisfy CE requirements online. Each module consists of course material, an interactive review, a competency test, and a module evaluation. A certificate is awarded upon satisfactory completion of the competency tests. Completion requirements are provided in each module.
