

MARKET WATCH LIVE

USER MANUAL - Version 2

JULY 1, 2024

AMMAN STOCK EXCHANGE

Market Watch Live

Amman Stock Exchange (ASE) launches an advanced program that will enable the investors in securities to follow up their investments live day-to-day. This program comes in line with the ASE's belief in disclosure and transparency principles in Jordan capital market. As a materialization of ASE's interest in providing an efficient, fair market and out of its care to meet the investors' needs, it has started this program, which provides several services that entitle investors to take the right decisions.

❖ Qualities of Market Watch Live:

- 1- Shows live trading information for 30 listed securities at the same time, chosen by the user.
- 2- Shows live trading information for 30 unlisted securities at the same time, chosen by the user.
- 3- A summary of the market performance: trading value, number of traded stocks, index value.
- 4- Display urgent news that is related to the live trading securities immediately.
- 5- Market Depth – best 5 buy and sell orders.
- 6- Executed orders –latest 20 orders.
- 7- Best increasing companies in stock price.
- 8- Most decreasing companies in stock price.
- 9- Best companies according to trade volume.
- 10-Graph that shows changes in stock price.
- 10-Graph that shows changes in index value.
- 11-A ticker that contains all companies.
